## Amendment B

Commissioner of Patents and Trademarks Washington, DC 20231

Sir:

Please amend the application as follows:

## **Amendments to the Specification**

Please replace paragraph [0001] with the following amended paragraph:

This invention relates generally to the suspension mechanisms of multi-wheeled [0001]vehicles such as automotive and all terrain vehicle applications. Additionally it can also be used on snowmobile, watercraft, aircraft and motorcycle applications. Specifically, this invention, when inserted into a [Heim] Hime Joint as compared to a conventional ball joint permits greater travel in the system while dramatically increasing strength and reducing both weight and replacement cost. Because various tapers are available for specific applications, no modification is required to the spindle or knuckle to which it is attached, unlike other like devices.

Please replace paragraph [0005] with the following amended paragraph:
